

RIZAL NUR DHMARSYAH

Web Developer

Jakarta, Indonesia • rizalnur.work@gmail.com • +62-88292233779 • [linkedin.com](#) • [Portfolio](#)

SUMMARY OF QUALIFICATIONS

Active final-year Information Systems student and Web Developer with professional internship experience building responsive UI applications, RESTful APIs, and full-stack web platforms. Proficient in Next.js, Laravel, and database management, with an adaptable mindset ready to learn new tech stacks quickly. A collaborative Developer seeking an internship opportunity across Web Development or related IT roles, committed to writing clean code, performance optimization, and continuous learning.

WORK EXPERIENCE

Lembaga Layanan Pendidikan Tinggi (LLDIKTI) Wilayah III Jakarta

Jakarta, Indonesia

Web Administrator - Internship

Sep 2025 - Jan 2026

- Spearheaded an end-to-end website revamp, restructuring UI layout to enhance user experience (UX).
- Managed digital site operations, handling routine system updates and troubleshooting for continuous uptime.
- Restructured and optimized backend databases, organizing legacy data to simplify future site maintenance.
- Optimized web content architecture, streamlining daily updates for accurate and timely information delivery.

PT. Amal Ichwan Arindo

Jakarta, Indonesia

Frontend Web Developer - Internship

Mar 2025 - Jul 2025

- Developed and launched an online recruitment platform from scratch, delivering a scalable web application.
- Integrated RESTful APIs into core interfaces, enabling seamless data synchronization with backend services.
- Streamlined candidate application workflows, optimizing input forms to process user data efficiently.
- Built interactive and responsive user interfaces, improving overall platform navigation and applicant experience.

FEATURED PROJECTS

Barcainspo (Digital Sports Media Platform)

Jakarta, Indonesia

Full Stack

Sep 2026 - Present

- Architecting a high-traffic sports media platform to monetize an engaged community of 1M – 6M monthly views.
- Engineered a full-stack content management ecosystem, bridging a responsive reader portal with an admin CMS.
- Built a real-time article editor with live preview functionality, streamlining editorial workflows for upcoming features.

Pixel Sticker (Automotive Cutting Sticker Workshop)

Jakarta, Indonesia

Full Stack

May 2026 - Aug 2026

- Architected a full-stack platform featuring a customer portal and admin CMS to digitalize core business operations.
- Engineered dynamic features, including an interactive catalog, automatic price calculator, and online booking system.
- Integrated a 24/7 AI Chatbot and digital invoicing, automating customer inquiries and financial reporting.
